

Rubric Summary—Christian Worldview

Summary: Christian Worldview					
	4	3	2	1	0
Recognition & Understanding	Mastery of facts and ideas required to formulate a CWV	Good recognition and understanding of facts and ideas required to formulate a CWV	Good recognition, but poor understanding of facts and ideas required to formulate a CWV	Insufficient recognition and understanding of facts and ideas required to formulate a CWV	No recognition and understanding of basic facts and ideas required to formulate a CWV
Articulation	Clear and convincing articulation of facts and information with insightful explanations	Clear articulation of facts and information with partially developed explanations	Adequate articulation of facts and information with little or confusing explanations	Confusing or incomplete articulation of facts and information with little or confusing explanations	No ability to articulate basic concepts
Assessment & Analysis	Refined and insightful analysis regarding the formulation of the CWV in light of other WVs	Analysis is insightful but lacks refinement regarding the formulation of the CWV in light of other WVs	Analysis begins to offer insight and understanding regarding the formulation of the CWV in light of other WVs	Flawed analysis demonstrates a lack of understanding or an inability to critically analyze the formulation of the CWV in light of other WVs	No demonstrated ability regarding the formulation of the CWV in light of other WVs
Application & Demonstration	Exhibits an adept and practiced ability to apply and demonstrate the CWV in regard in a variety of situations	Exhibits a general ability to apply and demonstrate the CWV in regard in a variety of situations	Exhibits limited or awkward ability to apply and demonstrate the CWV in regard in a variety of situations	Attempt was made at applying and demonstrating the CWV in regard in a variety of situations, but no capability was exhibited	No attempt was made at applying and demonstrating the CWV in regard in a variety of situations

Faculty Reflection

- Which specific areas do students show a need for improvement?
- What actions can be taken to improve student learning outcomes in these areas the next time the course is taught?
- What does this assessment suggest about students' overall skill in understanding and applying the CWV?
- Does this assignment and assessment measure CWV effectively? If not, what changes are needed?
